Bellin, Jeffrey	Email Jeffrey	Bellin Bio	The Law of Evidence	Amazon	\$30 (Softcover)	Book URL	<p><i>The Law of Evidence</i> is exactly the casebook I would have published through a traditional publisher but self-published to slash the price. It uses more narrative than a typical casebook, tight case editing, no filler, and lots of Problems. This enables more of a “flipped classroom” where you can spend class time diving into the most difficult evidence challenges through the included problems and suggested video clips, rather than regurgitating the basics via lecture. For those considering adoption, email me to request a free electronic copy + comprehensive Teacher’s Manual, sample syllabi, etc.</p>
